DOLOMITICERT Longarone N.B. 2008

1. Description of the Personal Protective Equipment

Product designation:	A004
Commercial trade name:	COFRA
Intended purpose:	Protection and/or prevention of falls from a height when used on personal fall protection systems.
Model:	A004
Reference code / Variants:	"A004-1001", "A004-1002", "A004-1003" and "A004-1004"
In Conformity with the Standard(s):	EN 361:2002 and EN 358:2018
PPE Category:	III
Webbing material(s):	Main base webbing: Polyester; Belt padding: EVA coated with polyester textiles, total thickness 7 mm; Belt padding's binding: Polyester
Webbing width:	Main base webbing: 45 mm; Sternal adjustment webbing: 25 mm; Belt webbing: 45 mm
Number of adjustment elements:	"A004-1001" and "A004-1002": 3; "A004-1003" and "A004-1004": 4
Material of the adjustment elements:	Metallic buckles: Galvanized steel; Sternal adjustment buckle: Polyethylene
Number of attachment points:	"A004-1001": one dorsal compliant with EN 361; "A004-1002": one dorsal and one sternal compliant with EN 361; "A004-1003": one dorsal compliant with EN 361 and two lateral on the belt compliant with EN 358; "A004-1004": one dorsal and one sternal compliant with EN 361 and two lateral on the belt compliant with EN 358. See description in notes at page 3.
Material of the attachment points:	Textile sternal attachment point: Polyester; Metallic dorsal and lateral on the belt attachment points: Galvanized steel
Material of the stitching:	Polyester HT
Sizes:	One only adjustable: M-2XL
Weight:	"A004-1001": 620 g "A004-1002": 650 g "A004-1003": 1060 g; "A004-1004": 1090 g
Manufacturer's name:	COFRA S.r.l.
Manufacturer's address:	Via dell'Euro 53-57-59 - 76121 BARLETTA (BT) - Italy
Authorised Representative's name:	/
Authorised Representative's address:	/
Certificate's holder :	COFRA S.r.l.

A004-1004

2. Levels of protection offered by the personal protective equipment and notes:

Applicable Standards:

EN 361:2002 - "Personal protective equipment against falls from a height - Full body harnesses"

EN 358:2018 - "Personal protective equipment for work positioning and prevention of falls from a height - Belts and lanyards for work positioning and restraint"

/

The protection equipment A004
is compliant with the basical requirements provided by the standard(s) of reference for the particular fields of utilization the device is addressed to.

EN 361:2002 and EN 358:2018

Moreover, the protection equipment is in compliant with the specific requirements provided by the connected norm for the particular fields of use the device is addressed to:

/

Characteristics of the protection equipment are:
"A004-1001" and "A004-1002": Compliant with EN 361 only

"A004-1003" and "A004-1004": Compliant both with EN 361 and EN 358

Notes:

Harnesses of the family "A004" are assemblies of webbing(s), adjusting device(s) or other elements which fit around the body, the shoulder, the waist and the thighs to support it in a hanging position after a fall or as a means of support for restraint or work positioning. Four variants provided, differing for the number of fall arrest attachment points present on the harness (only the dorsal one or both the dorsal and the sternal ones) and for the presence or not of the integrated belt for work positioning and/or restraint: "A004-1001" with commercial name "DROPTIVE", "A004-1002" with commercial name "REVENDART", "A004-1003" with commercial name "BOUNSAFE" and "A004-1004" with commercial name "MAGNAIR". All variants are full body harnesses when used on fall arrest systems, according to the standard EN 361:2002, equipped with one only attachment point positioned on the dorsal part of the harness (variants "A004-1001" and "A004-1003") or with two attachment points positioned on sternal and dorsal parts of the harness (variants "A004-1002" and "A004-1004"); variants "A004-1003" and "A004-1004" are additionally belts (equipped with the integrated belt model "A004-1000", commercial name "JOINTURE") when used during work positioning and/or restraint, according to the standard EN 358:2018, equipped with two attachment points positioned in the lateral part of the integrated belt. These harnesses are designed to protect the final user against the risk of falls from a height when used as a full body harness on personal fall protection systems (sternal and dorsal attachment points used) and to prevent falls from a height during work positioning and/or restraint when used as a belt (lateral attachment points used). All variants produced into one only adjustable size: M-2XL.

3. Test results and test examinations are covered by the following test reports:

Dolomiticert S.c.a.r.l.	231621	18/10/2023
Dolomiticert S.c.a.r.l.	231620	18/10/2023

Dolomiticert S.c.a.r.l.	231063	04/08/2023

DOLOMITICERT Longarone N.B. 2008

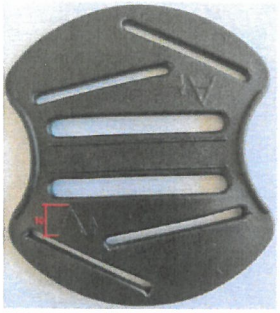

4. Marking

A)

B)

C)

D)

Placement of the marking:

A) Label stitched on the harness (example for variants only compliant with EN 361), dimensions 130 mm x 30 mm.
B) Label stitched on the device (example for variants compliant both with EN 361 and EN 358), dimensions 130 mm x 30 mm.
C) Plastic plate in correspondence of the dorsal attachment point (dimensions in mm).
D) Two labels stitched in correspondence of the sternal attachment point (dimensions in mm).

5. Declaration for category III personal protective equipment

For category III PPE, this EU Type-Examination Certificate shall be used only in combination with one of the evaluation procedures in accordance with Article 19, letter c), of the Regulation (EU) 2016/425

Applicability for the product covered by this EU Type-Examination Certificate: **YES**

Terms and conditions under which the Certificate is issued

a) Marking and instructions were examined in Italian. Language versions other than the one specified above are under the complete responsibility of the Manufacturer or of his Authorised Representative.
b) Any variation to the product, to the technical file or, in the provided cases, to the manual or to the quality control procedures, shall be notified in time to DOLOMITICERT.
c) The Manufacturer or his Authorised Representative shall respect the procedures and the regulations provided by DOLOMITICERT for the EU Certification.
d) Copies of this Certificate, supplied to third parties, shall be reproduced in their entirety.
e) The present Certificate shall be carefully kept by the Manufacturer to be shown, on request, to the Organism of control or to the Vigilance Administration.
f) The present Certificate remains property of DOLOMITICERT, which can ask for it back if some of the above mentioned conditions are not respected.
g) Any subsequent revision of the present document automatically deletes and replaces it.
h) The present document can include only a limited description of the product under certification; for a more detailed description, please refer to the correspondent Technical Documentation.
